GOTHENBURG AUGUST 19-22, 2025

Dear BNMI 2025 Exhibitor!

Welcome to the BNMI 2025 Symposium – 4th annual meeting of the Bridging Nordic Microscopy Infrastructure

In 2025, the BNMI Symposium will once again be held in Gothenburg, Sweden, from August 19th to August 22nd. This prestigious event will bring together leading scientists in basic and applied imaging research, alongside key industry representatives, for three days of insightful discussions and collaboration. The Symposium will take place at the *Wallenberg Conference Center*, conveniently located just a few tram or bus stops from the city center of Gothenburg.

The BNMI 2025 presents an excellent opportunity for your company to showcase your products and innovations, particularly considering the ongoing advancements in imaging technologies and cutting-edge developments in microscopy instrumentation, sources, optics, detectors, and accessories. We warmly invite you to take full advantage of this unique gathering of influential professionals in the rapidly expanding field of imaging, allowing you to introduce and demonstrate your latest products and innovations to decision-makers in the industry.

On the first day of the symposium, August 19th, a special session has been dedicated for exhibitors to deliver a brief presentation about their company and products. Additionally, a wide range of equipment available in Gothenburg may be made accessible for demonstrations during the event, offering further opportunities to highlight your technology.

We sincerely hope your company will participate in the exhibition, and that you will enjoy both the stimulating scientific environment and the picturesque West Coast of Sweden during this beautiful time of year.

Enclosed in this document, you will find detailed information about the exhibition and general conference guidelines. Should you have any questions or require further information, please do not hesitate to contact us.

We look forward to collaborate with you and to host your business!

PROGRAM OVERVIEW

The BNMI 2025 is proudly hosted by the ***Centre for Cellular Imaging*** at the University of Gothenburg. Our primary goal is to create an engaging and dynamic Symposium that appeals to imaging researchers across various disciplines. The Symposium is designed to bring together experts and researchers from a wide range of imaging modalities, fostering the development of new collaborations. Regardless of your career stage, attending the BNMI 2025 will offer you the opportunity to stay at the forefront of emerging imaging technologies, acquire new techniques, and, most importantly, network with peers and establish valuable new connections. Additionally, the Symposium will serve as a platform to highlight the imaging research conducted within the Gothenburg community.

The program will feature a compelling mix of lectures and poster sessions, encompassing topics from electron and light microscopy, X-ray imaging, to advanced image analysis. Selected poster presenters will also be invited to give short talks, enhancing the breadth of discussions. Attendees will have ample opportunities for engaging in both formal discussions and informal gatherings. The sessions will explore the following key areas in imaging research: Correlative Multimodal Imaging – Imaging Across Scales; Super-resolution and Nanoscale Imaging; Mesoscopy – Dynamic Interactions in Cells, Organoids, Tissue, and Whole Organisms; Smart Microscopy: From Image Analysis to Intelligent Acquisition; New Frontiers – Cutting-Edge Imaging Applications.

We sincerely hope you will join us in Gothenburg for what promises to be an exciting and educational meeting!

EXHIBITION BNMI 2025

The commercial exhibition will be held in direct connection to the plenary room Wallenberg lecture hall. Refreshment points and coffee areas have been integrated into the exhibition area, maximizing the time that delegates spend in this area. Lunches will be in the restaurant, but all coffees and coffee-breaks will be served in the exhibition. The Conference Center Wallenberg is a modern building with easy access and a good infrastructure for hosting a technically demanding commercial exhibition. All exhibitor stands will be grouped in the same area.

BNMI 2025 pre-Symposium workshops 18th and 19th of August

We are also organizing a pre-Symposium workshop with the following topics: Correlative Array Tomography; Smart Microscopy; Optical Tissue Clearing Techniques for 3D Lightsheet (Please, contact, Julia Fernandez-Rodriguez, juliafer@cci.sahlgrenska.gu.se)

Company presentations Tuesday 19th August

On the first day of the Symposium, a plenary session is dedicated to exhibitors, providing an opportunity for you to introduce your company and showcase the imaging applications possible with your equipment. Depending on the number of companies participating, each exhibitor will be allocated 15-20 minutes for a brief presentation highlighting key aspects of their business. To streamline the process and reduce transition time between presentations, we kindly request that all presentations be submitted in advance and consolidated on one PC.
